To Predators

Can't make it out to Julian?

Let us bring the mountains to you!

The California Wolf Center, in conjunction with HPWREN (High Performance Wireless Research) is pleased to announce the "From Pups to Predators" experience. Enjoy a live presentation led by one of the Center's experienced educators and journey through the life of a wolf. Learn about the adaptations these animals have to survive in the harsh wilderness and why they are important to the health of the ecosystem they inhabit. Following the presentation, enjoy a live feed from our Alaskan Gray wolf enclosure and observe these beautiful animals as they meander through the chaparral. You will also be able to ask an educator questions as they broadcast from inside the enclosure. The "From Pups to Predators" presentation can be modified to accommodate grade levels K-12. The cost of this unbelievable educational experience is just \$150. Please call for a reservation!

Reservations or inquiries for this unique opportunity can be made by calling us at:

(760) 765-0030

or by email at:

info@californiawolfcenter.org

Live outside San Diego County? We can do the entire presentation via webcast. Call for more details.
